

# IU Aging & Cognition Research Project

## OLDER ADULTS NEEDED FOR STUDIES ON COGNITION AND AGING

The laboratory of Dr. Anne Krendl at Indiana University is currently recruiting participants for ongoing research examining the effects of healthy aging on cognition.

**PARTICIPANTS MUST BE 60-90 YEARS OF AGE AND IN GOOD HEALTH.**

This study involves performing various cognitive tasks (e.g., simple computer tasks, responding to questions). Testing will last no more than 3 hours and takes place in Department of Psychology at Indiana University. Participants will be compensated for their time, and parking will be provided. We are also recruiting for fMRI research studies.

If interested please call **Eunice Lee** at **812-856-8007**, or by email at [nimble@indiana.edu](mailto:nimble@indiana.edu) for more information. Study #1207009056
